

Sequoia Hospital is Rebuilding

Spring 2010

New Campus Design

Sequoia's new campus will carry on a 60-year tradition of providing award-winning care to the community. The new 167 bed hospital campus will include:

- Expanded 8,740 sq. ft. emergency room services
- Family focused Birth Center with private rooms
- Comprehensive ambulatory services
- New four-story, 148,000 sq. ft. pavilion
 - Heart and Vascular Institute
 - Complete medical and surgical services
 - New main entrance with two lobbies and free valet parking
 - Terraced gardens and garden with fountain
 - Three floors of private patient rooms
- New medical office building
 - Physician offices
 - Outpatient Surgery Center
 - Outpatient imaging and lab services
- New, convenient four-story parking garage and additional surface parking
